Personal Data:

- D.N.I.: 35413466
- Nationality: Argentinean
- Date of birth: 25 July, 1990
- Home address: Las Heras 1273, Tandil, Argentina
- Alternative mobile: (0291) 154427597

Work experience:

- September 2018 - present:
Java Developer in "Globant", Tandil.

Currently working as Java Developer Contractor for the company Electronic Arts, more specifically in the "Pogo" project. Pogo is a web application where casual games are published (pogo.com). My job is to solve "bugs" and generate new features for the different platforms that Pogo has. The technologies used in this project are Java, SpringBoot, Struts, Memcached, among others. The management of servers is a strong point in this project. (Amazon, Jenkins, SmartFox, etc)

Languages:

- English: Profesional proficiency
2006. Comercial english. William Blake institute.
